Hello Carroll County –

We are in full swing!!!!!! School is over, Graduation parties are winding down, ball is ending, and fair time is ramping up. While we are preparing for fair please keep in mind, you are making memories, make those memories count. We get caught up in the amount of things that need done that we sometimes forget to take the time and enjoy what we are doing.

Fair time is the week out of the year that takes forever to get here and goes by way too fast. But, Oh the things that happen in that 1 week!!!!!!

Let's make those memories, treasure those friendships and give grace.

~Katrina

Profit/Loss Statements in Livestock Projects

It is important to note that the Profit/Loss Statement is **worth 10 points during judging**. A profit/loss statement is a valuable tool for 4-H members. It allows you to learn and understand the value of your time and the money you have invested in your animal.

Following is a list of the current market price for each of your animals.

- Please use these numbers to calculate what your profit/loss is.
- When calculating the weight of your animal – use a realistic weight you expect your animal to have achieved at weigh-in the first day of fair.
- How to calculate: multiply the weight by the price to get the total amount
Example: 90lb Lamb would be $90 \times \$1.85 = \166.50

Broilers/Turkeys: \$2.50/pound	Ducks: \$4/pound	Rabbits: \$2.50/pound
Hogs: 0.40/ pound	Lambs: 80-100lbs – \$1.75/pound	Goats: \$2.50/pound
		Beef: \$1.45/pound
		Dairy Beef Feeders: \$1.35/pound
